To the Board of Directors  
Women Thrive Worldwide  
Washington, DC

We have audited the accompanying financial statements of Women Thrive Worldwide (the Organization), which comprise the statement of financial position as of December 31, 2014, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

WOMEN THRIVE WORLDWIDE  
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND NATURE OF ACTIVITIES

Women Thrive Worldwide (the Organization) was formed in 1998 to ensure that U.S. international aid and trade programs work for women. The Organization advocates for change at the U.S. and global levels so that women and men can share equally in the enjoyment of opportunities, economic prosperity, voice, and freedom from fear and violence. The Organization's work is grounded in the realities of women living in poverty. The Organization partners with locally based organizations and creates powerful coalitions to advance the interests of the women and girls it serves. The Organization receives funding from private foundations, corporations, individuals, and organizations to support its programs and activities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), which is the sole source of authoritative generally accepted accounting principles in the United States of America. The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted net assets.

Uses of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Property and Equipment

Property and equipment are recorded at historical cost or estimated fair market value, if donated. Depreciation and amortization is recorded on the straight-line method over the useful lives of the assets, generally three to five years for computer equipment, software and furniture, and the life of the lease (seven years) for leasehold improvements. Purchases of assets costing \$500 or more and having an estimated useful life greater than one year are capitalized.

Cash and Cash Equivalents

The Organization considers all highly liquid money market instruments purchased with maturities of three months or less to be cash equivalents.

Recoverable Grant Payable

The interest-free recoverable grant is recorded as a liability on the statement of financial position and donated interest expense is imputed based on the Organization's borrowing rate at the time of the grant, 4.25 percent.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting services benefited.

WOMEN THRIVE WORLDWIDE  
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Donated Services, Facilities, and Materials

The Organization recognizes contribution revenue at estimated fair value for donated services received if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise have to be purchased by the Organization.

Donations of materials, including donated property and equipment, are recorded as contributions at their estimated fair value at the date of donation. Donations of the use of facilities are recorded as contributions at the estimated fair value of the space.

Contributions and Grants

All contributions are considered available for unrestricted use unless specifically restricted by the donor. Contributions restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when the stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily restricted or permanently restricted net assets, depending on the nature of the restriction.

When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. All contributions, including unconditional promises to give, are recorded as made. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give due in the next year are reported at their net present realizable value. Unconditional promises to give due in subsequent years are reported at their net present realizable value, using the Organization's borrowing rate of 4.25 percent in December 2014.

Contributions receivable are charged to a loss account as they are deemed uncollectible. At December 31, 2014, no allowance for uncollectible accounts was considered necessary by management. The contributions and grants receivable as of December 31, 2014 were due as follows:

<u>Years Ended December 31,</u>	<u>Amount</u>
2015	\$ 527,517
2016 - 2019	45,000
Thereafter	30,000
Discount to present value	<u>( 10,100)</u>
Total	<u>\$ 592,417</u>

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Subsequent Events

The Organization has evaluated subsequent events through August 13, 2015, which is the date the financial statements were available to be issued.

WOMEN THRIVE WORLDWIDE  
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Summarized Financial Statements

The financial statements include certain prior year summarized comparative information in total but not by separate net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended 2013, from which the summarized information was derived.

NOTE 3 - CONCENTRATION OF CREDIT RISK

The Organization has cash deposits with its principal bank in excess of the amount insured by the Federal Deposit Insurance Corporation. As of December 31, 2014, the Organization had \$597,162 on deposit in excess of federally insured limits. In addition, the Organization maintains \$7,909 in assets in a money market fund that are not insured.

As of December 31, 2014, 76 percent of the Organization's contributions receivable was from one foundation and 85 percent of contributions revenue for the year ended December 31, 2014 was from four foundations.

Management does not believe that the Organization is exposed to any significant credit risk.

NOTE 4 - RELATED PARTY LOAN PAYABLE

In November 2012, the family foundation of a Board member made a loan to the Organization of \$43,865 for use as the security deposit for the Organization's new office lease. The loan carries a 1.75 percent interest rate, payable annually, and expires December 22, 2019. The balance due at December 31, 2014 and 2013 was \$43,865 and \$43,865, respectively, including accrued interest of \$768 and \$864, respectively, which is included in other current liabilities in the accompanying statement of financial position. Interest expense of \$768 and \$96 was recorded in the years ended December 31, 2014 and 2013, respectively. Future minimum payments under the loan are as follows:

<u>Years Ended December 31,</u>	<u>Amount</u>
2015	\$ 14,622
2017	14,622
2019	<u>14,621</u>
Total	<u>\$ 43,865</u>

NOTE 5 - RETIREMENT PLAN

The Organization had a 403(b) retirement plan for all eligible employees that allowed for discretionary contributions from the Organization and was frozen as of June 30, 2009. In 2009, the Organization established a 401(k) profit sharing plan for all eligible employees that also allows for discretionary contributions from the Organization. Total contributions to the 401(k) plan were \$30,781 and \$33,220 for the years ended December 31, 2014 and 2013, respectively. Plan contributions are included in salaries, taxes, and benefits in the accompanying statement of functional expenses.

Total	\$ 1,078,106	\$ 646,069

NOTE 7 - INCOME TAXES

The Organization received a determination letter from the Internal Revenue Service (IRS) granting an exemption from federal income taxes and qualifying it as a publicly supported organization under Section 501(c)(3) and 170(b)(1)(A)(vi) of the Internal Revenue Code. The Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) of the Internal Revenue Code. The Organization believes that its operations are consistent with the nature of their exemption granted by the IRS. There is no current liability for income taxes and no temporary differences resulting in deferred taxes as of December 31, 2014 and 2013.

The Organization is required to measure, recognize, present, and disclose in its financial statements uncertain income tax positions the Organization has taken in the tax years that remain subject to examination or expects to take on an income tax return. The Organization recognizes the tax benefits from uncertain income tax positions only if it is more likely than not that the tax position will be sustained on examination by tax authorities. Prior year income tax returns may be subject to audit in various tax jurisdictions, most of which define open tax years as three years from the later of the due date or the date the return was filed. The Organization recorded no liability for uncertain income tax positions for any open tax years.

WOMEN THRIVE WORLDWIDE  
NOTES TO FINANCIAL STATEMENTS

NOTE 9 - PROGRAM SERVICES

The program services of the Organization consist of the following:

Basic Education

The Organization is working to improve learning outcomes for all children in developing countries by mobilizing donor and developing country government resources towards interventions that help children learn, not just access school.

Hunger and Food Security

The Organization is working to enhance smallholder women farmers' earnings and productivity in developing countries. Closing these gender gaps in agriculture will also address hunger and significantly improve overall food security. The Organization has carefully studied and advocated for robust implementation of gender equality principles within the United States government's main food security program, *Feed the Future*. The Organization has researched implementation of the program on the ground in Haiti and Ghana.

Effective Global Aid

The Organization is working to make United States foreign assistance and policies more efficient and effective, address gender inequality, and foster women and girl's empowerment by meaningfully integrating gender and incorporating participatory processes. More recently, the Organization performed extensive research on the United States Agency for International Development (USAID)'s *Policy for Gender Equality and Female Empowerment*, which makes advancing women and girls central to United States foreign assistance.

Economic Opportunity

The Organization has made important contributions in this area including how the United States government designs trade programs, increasing women's access to property rights, and supporting local women's groups around the world to run economic opportunity programs. The Organization is working on women's access to economic opportunities, ensuring it meets the needs of women and girls living in poverty over the next several decades.

Lobbying

The Organization conducts both general lobbying and grassroots lobbying. General lobbying deals with activities intended to directly influence legislation. Grassroots lobbying encourages the general public to communicate to members of Congress a specific view on a specific piece of legislation.

Violence Against Women and Girls

The Organization is working to significantly prevent and reduce all forms of violence against women and girls in developing countries. NOTE 12 - RECOVERABLE GRANT

During 2014, a \$100,000 interest-free recoverable grant was provided to the Organization by Open Road Alliance to cover the first year salary for the position of Global Partnerships Director and to cover travel support for sponsoring grassroots activists. Repayment to Open Road Alliance will be in four annual installments of \$25,000 beginning in 2016. The Organization imputed \$2,271 in contributed interest in the year ending December 31, 2014 that is included in donated services, facilities, and materials in the accompanying statement of functional expenses.

NOTE 13 - BUSINESS CONDITIONS AND MANAGEMENT'S PLANS

Subsequent to year end, management has projected the change in net assets for 2015 to fall short of cash on hand. Management has taken steps to cut program and supporting services in 2015 to address the shortfall. Should losses reoccur, there may not be sufficient assets to cover the losses. Management, however, does not believe there is a significant risk the Organization will cease to be a going concern in the next year. The Organization is seeking funding from new and current donors. Should enough funding not be secured, management has plans to make further cuts to program and supporting services to address the shortfall. If management's plans are not successful, other means may be utilized to preserve asset value.
